New Generation HLAFT Flat Top Cargo Trailer

SUPER LOCK™ .030 Interlocking Exterior Aluminum system is unique to Haulin Trailers... Lasts longer, looks better, rust and stain resistant. The interlocking aluminum panels are also glued and mechanically fastened - out of sight - for greater exterior integrity, strength and durability.

Six wide models and up have a double rear door - standard. 5 wides come with single door due to size limitation. Ramp doors optional. Advanced automotive door seals lock out dust, moisture, and road grime for superior protection

Our standard radial tires with 24/7 Emergency Roadside Assistance,* improved towing, safety, and performance provide added value.

*Must provide your own spare tire for roadside assistance

All models have DryMax™ Engineered Flooring, standard. These high performance engineered floor panels resist moisture and chemicals - will not absorb moisture, swell, warp or delaminate. Stronger and stiffer than plywood.
